DIUCS: Filing CA-1/CA-2 Online

Electronic Data Interchange (EDI)

EDI is the technical solution that allows Defense Activities to complete CA-1 (Federal Employee's Notice of Traumatic Injury and Claim for Continuation of Pay/Compensation) and CA-2 (Federal Employee's Notice of Occupational Disease) forms on-line and submit them via the Internet to the Office of Workers Compensation Programs.

System Features - DIUCS/EDI

ICPAs will receive OWCP claim number via email within two working days of completed form transmission to OWCP.

Automatic interface with employee personnel database provides for enhanced data integrity, fewer data-entry errors.

The ICPA (Injury Compensation Program Administrator) certificate program was developed by the ICUC Branch to provide an objective measure and credentialing of the skills ICPAs acquire throughout their career. The certificate program is open to Department of Defense personnel assigned duties within the field of Federal Workers' Compensation. The program is no cost to participants and provides access to on-line courses tailored to the ICPA. There is a testing component as well as experience requirements for the various levels of credentialing.
